#### **Stay Ahead of the Curve! Take advantage of training on the latest advancements in Intelligent Transportation Systems (ITS).**

\*In partnership with the U.S. Department of Transportation's ITS Professional Capacity Building Program and ITS America, we are offering training on Improving Highway Safety with ITS. This course is an introduction to ITS-based strategies and tools available for improving highway safety.

\*This course is divided into six lessons, each intended to introduce or illustrate concepts relating to the development and deployment of ITS strategies to address safety issues. This course also focuses on how to incorporate ITS strategies as part of the safety planning process and provides real-world examples of solutions used to address safety challenges.

\*This course is intended for ITS project managers, transportation operations, and safety professionals, including, but not limited to, planners, operators, designers, emergency management, and maintenance personnel.

**At this time, attendance is limited to *three* per consulting firm. By Friday, April 20<sup>th</sup>, if room allows, the registration will be opened up to first come, first served until the training is at maximum capacity.**

Final RSVPs can be made by noon on Wednesday, April 24<sup>th</sup>, 2018, with Amy Worzella, by email at [amy.worzella@lakesideengineers.com](mailto:amy.worzella@lakesideengineers.com) or by phone at (262) 789 8200, ext. 134. Reservations are considered firm unless cancelled by noon on Monday, April 30<sup>th</sup>, 2018.

Payment for lunch can be made at the event (check or cash accepted) or a check made payable to ITS Wisconsin can be sent in advance to: ITS Wisconsin, 433 W. St. Paul Ave, Suite 300, Milwaukee, WI 53203. No shows may be billed for lunch if ordered.
